

Best Practices

Practice-1 Providing Financial Support to Students Selected on Diverse Parameters

2. Objectives of the Practice:

To provide financial support to students based on financial needs, Excellence in Academics, Sports etc.

3. The Context

Many students as are interested in pursuing higher studies are unable to do so owing to financial constraints. The institution aims to facilitate education for such students.

4. The Practice

- The institution has a well- functioning Student Aid Fund Committee and Equal Opportunities Cell. Student Aid Fund Committee provides scholarships on the support provided by Alumni, Philanthropists and the institution. Equal Opportunities Cell. facilitates support by the Government
- In the beginning of the session, applications are invited for Scholarships/ Free ships on the basis of Academic Excellence, Sports and Financial need on the proforma designed for the purpose.
- Shortlisted applicants are called for interview by the Student Aid Fund Committee. A list of the selected candidates is displayed on the notice- board.
- For Government – Sponsored Scholarship (Post Matric), applications are filled on the Online portal as and when the Portal is active.

5. Evidence of Success

- The aim of the practice is to broad base financial support to students and make education as inclusive as possible. Each year sees a larger number of students benefitting from the practice than the previous year.

6. Problems Encountered and Resources Required

A constant inflow of funds is required for providing financial support to students. Alumni, Philanthropists and Industry are contacted for arranging funds for the purpose. However, the demand for funds keeps on growing every successive year.

Practice- 2 . Title of the Practice Promotion of Heritage and Culture of Punjab

2. Objectives of the Practice:

To inculcate a sense of pride among students in the rich heritage and culture of Punjab.

3. The Context

It has been observed that youth all over the nation is influenced by the western culture and Punjab is no exception. Hence, the need has been felt to revive the dying rich culture and heritage of Punjab.

4. The Practice

Every year a good number of students are trained to participate in Youth & Heritage Festival which hosts a variety of items ranging from traditional dance, music to heritage items. The heritage and culture is promoted in the following manner:-

- They are introduced to traditional folk instruments of Punjab like *Chimta*, *Alghoza*, *Dilruba*, *Dhadd*, *Dhol*, *Gharha*, *Ektara* and Folk singing. Our students are thus well-equipped to participate in Youth and Heritage Festival in the category of Folk- music.
- Our students participate and win prizes in various categories related to traditional and heritage singing like *Vaar* (heroic ballads) singing, *Kavishri* (folk music usually without instruments performed in *melas*, weddings and religious functions, harvest celebrations and *mehfils*) *Kali* singing. They also participate in Ladies traditional songs that are sung as rituals in festive occasions.
- Some talented students, later take it up as a profession and form their own music Bands.
- Students are trained in folk dances of Punjab like *Gidha* (energetic traditional dance for ladies), *Bhangra* and *Jhoomar* for competitions by professional coaches, who have excelled in their respective fields. Every year, these performances attract a large audience and also win prizes during competitions all over Punjab.
- Students inclined towards creativity are selected from various streams to participate in traditional items during the Youth Festival like *Khidoo* (ball) Making, *Peedhi* (traditional seat) Making, *Rassa* (rope) Making, *Pakhi* (fan) Making, *Naala* (tape) Making etc. They are taken to nearby villages and provided with hands-on knowledge in these arts. In return of the training provided to our students, women and artisans from rural areas are paid remuneration. This practice helps them to earn some money and on the other hand teaches our students the dying arts of Punjab.

- Trips to museums and religious places and Shrines like *Chintpurni* , *Virast-e- Khalsa* (which houses artifacts) Sultanpur Lodhi (where the First Sikh Guru spent 14 years) and Anandpur Sahib(holy place of the Sikhs) are organized. Students from different classes, accompanied by their teachers, visit these historic places for creating in them awareness for rich culture and heritage of Punjab.
- Workshops on Fine Arts and Home Science students are held to teach them the skill needed to participate in various items held in and outside college at different levels.
- Our students are well trained by teachers and experts in the field for *Mehndi* designing, *Rangoli* making and embroidery and competitions are held for the same at inter and intra -class level. These skills are helpful in providing them with employment opportunities at a later stage.
- Theme- based competitions like essay writing, declamation contests, poem recitations for promoting heritage are a regular feature in college. Through participation in these competitions the students not only hone their skills but also stay connected to their rich ethnicity. Competitions are held on themes related to the rich culture of Punjab.
- Theme – based Youth and Heritage Festival (*Apna Mool Pechaan* (Know thy self). *Yeh Desh hain Veer Jawano ka* (Punjab is the land of brave). Students are made familiar with Teachings of Sikh Gurus, their philosophy and relevance thereof in the present time. For Example - on the 550th Birthday of Guru Nanak Devji, various competitions were held on his life and teachings. Students were taken to Sultanpur Lodi, where Guru Nanak Dev ji spent fourteen years of his life.
- Festivals of harvest like *Lohri* and *Baisakhi* are celebrated to keep the students in touch with our culture. To encourage students to be in touch with their fellow brethren and contribute to the society *Chabeels* (providing hygienic water to passersby) are held in scorching summer months by college students.
- Studying History and Culture of Punjab is compulsory for students belonging to other states to make them familiar with the culture and heritage of the state. Topics related to history and traditions of the state are discussed.

5. Evidence of Success

The institution has been successful in reviving the dying arts of the State. The institute has won Overall trophy five times in the Zonal Youth and Heritage Festival in last six years. Many old students settled abroad are engaged in propagating and promoting the culture of the state. Our college students have been successful in winning prizes in various categories at the Youth Festival. Several of our students gain employable skills, as a result of which they become not only financially sound, but also promote the culture and heritage of the state. Maximum participation and inclusiveness is encouraged among the students as the various categories offer something for everyone. It is a learning experience for both teachers and students.

6. Problems Encountered and Resources Required

Limited number of experts training the students. Difficulty in procurement of rare traditional and folk instruments required for practice. Paucity of funds required for costumes, remuneration to accompanists and coaches. Loss of teaching hours for participants. To help them in their studies and compensate them for the classes missed; extra classes are taken by their respective subject teachers.

7. Notes

All the competitions and activities held annually may be made theme-based. An appropriate theme related to the resident state can be chosen in advance and intimated to all teachers and students. This type of practice would be beneficial in keeping students connected to their state's rich heritage and traditions.
